serving up happy & healthy

The Clawson Public School District welcomes you back this year to a freshly transformed campus, featuring new landscaping. We are also near completion of our new High School/Middle School Café space, marking the successful conclusion of our multi-year bond project.

As we prepare for the 2026-2027 school year, we want to remind families that the funding for free meals for all students will continue uninterrupted this coming year. Even if your child does not eat school meals, filling out the **Education Benefits Form** is incredibly important for Clawson Public Schools. When families complete it, it helps to secure vital state and federal dollars that pay for many extras, including classroom technology, extra counselors, and specialized grants. Please take five minutes to fill it out during registration- every single form helps us support our students and keep our campus thriving!

Please complete the 2026-2027 online Education Benefits form through your MISTAR Parent Portal account. A paper Education Benefits Form can be downloaded on the Clawson Public Schools Food Service Department web site, Forms and Documentation.

For assistance, please contact Jill LaPine at 248-655-4417

Chartwells Dining Service, a division of Compass Group, USA, serves Clawson Public Schools Food Services. We manage the department that provides meals and nutrition education services to the students and faculty throughout the District. Our goal is to provide healthy, well balanced, student preferred, economical meals. We participate in the National School Breakfast and Lunch Programs. We use **Nutrislice,** a free app that provides menus, nutrition info, and allergen details that is available through our website. If you have any questions please feel free to contact us.
