New Director of Dining Services

Dear Clawson School community and parents,

I am excited to introduce myself as the new Director of Dining Services for Clawson Schools, following Melissa Long's departure on November 6.

My name is Haylen Steffan, and I bring more than 15 years of food service experience, including the last 5½ years as a Director of Food Service with Chartwells K-12. I am originally from Venezuela, a proud U.S. citizen, and a wife and mother of two sons. I am thrilled to join the Clawson School community and look forward to serving our students and families.

I also wanted to share an exciting update for our high school students. Beginning in December, in addition to the breakfast cart, students will have the option to enjoy a hot breakfast in the cafeteria. Please watch for these new offerings on the December menu.

We'd like to remind families that breakfast and lunch are free for every student, and we want to make sure each child gets the most from their meal. To keep meals free, students should take a complete meal with all of the required components. Our friendly staff will be there to help students choose everything they need. If a tray is missing a required component, the items will be charged à la carte to the student's account, so we encourage you to talk with your child about picking a full meal.

If you have any questions, please feel free to contact me at haylen.steffan@clawsonschools.org.

Thank you for your warm welcome.

Haylen Steffan
